# WHEN YOUR *Spirit* CALLS

IN SEARCH OF *Your Spiritual Voice*

Warren Ziegler with Mandy Ziegler

ISBN 978-0-615-22767-2 \$21.95

352 pages, Trade 5 ½ x 8 ½

In this despiritualized age, too many are caught up in the throws of turbulent change. It's rapid and affects every aspect of our lives: social, political, cultural and economic.

Since the birth of mankind, humans have searched for what is true and unique. Ways to meet challenges are sought, even when there appears to be no control and minimal influence.

In Warren Ziegler's pioneering book, **When Your Spirit Calls**, you will learn what your Spirit is and why you should bring it back into your life, your work and your relationships. Ziegler identifies nine spiritual archetypes ... with them, you discover your true self and direction.

Meet the Spirits ...

The **Entrepreneurial Spirit** is willing to take risks without the fear of success or failure.

The **Reflective Spirit** questions the reason why certain events and circumstances occur in one's life.

The **Mending Spirit** is compelled to resolve problems that surround them.

The **Just Spirit** seeks justice and fairness in any situation.

The **Organizational Spirit** pushes at the confines of structure, opening boundaries and creating space.

The **Sustaining Spirit** rediscovers and reconnects with all living cultures through partnership.

The **Enlivening Spirit** reintroduces human spirit back to another individual, crossing all barriers and removing any labels and stereotypes affiliated with gender, nationality, religion, age and ethnicity.

The **Loving and Caring Spirit** radiates empathy, compassion and nurturing to individuals without judgmental constraints.

The **Poetic Spirit** creates new ways for understanding, appreciating and enacting who and what you are (and meant to be) by using images of sound, sight and language.

Identifying your Spiritual Voice, you will learn a variety of ways to honor and respect yourself, why you “tick” the way you do, address the limitations that you, and others, have created and find new direction in and for your life.

**About the Author** Warren Ziegler spent most of his adult life helping people discover their potential. His envisioning workshops were held worldwide, inviting individuals and groups from diverse backgrounds to listen to the voice of their Spirit and to search for their spiritual archetype. Ziegler's work is too important to lie idle. In this fully updated and revised edition that includes much of his unpublished work, his widow, Mandy Ziegler, has created a book that will put the reader's future in his own hands.
